Note.—Contn. Sheet

In respect of Honkan village, C.C.F. has reported that out of 64 plots granted on Agri-Silvi system, 52 plots (Sl.Nos. 1 to 52 in the statement enclosed - page 23 c/f) have been brought under cultivation by the lessees investing considerable money. C.C.F. states that C.F., recommends to grant these 52 plots to the respective lessees as "inforest settlement plots." In this connection, it is pointed out that the lands were granted to the lessees on Agri-Silvi system only, under which, they were expected to raise plantations and they were permitted to raise Agricultural crops till the canopy got closed. Actually in these cases contrary to rules they have raised only food crops. But according to Bombay Govt. Resolution No. FDM-1055 Dt. 3-10-1955, the Forest lands granted on Agri-Silvi system to Sch.Castes, Sch.Tribes and other Nomadic tribes may be converted as inforest settlement plots and granted to the lessees for cultivation provided the conditions mentioned therein are fulfilled. But as per Govt. Resolution No. FDM-1055/-15-5607-E Dt. 14-1-1956, Agri-silvi lesses should not be evicted even if they have not observed all the terms of the lease but their cases should be regularised provided they have been in continuous occupation of the land for the last 3 years. Out of 52 lessees who have brought the land under cultivation, only 16 lessees are in continuous occupation for the last 3 years, two lessees have started cultivation during 1958 before the end of

of June 1958 and 34 lessees have started culti - vation after June, 1958. However, the lessees have brought the lands under plough by manual labour investing considerable money.

14 Under the circumstances, C.C.F. has no ob - jection to grant the 52 plots referred to in the statement as inforest settlement plots to the respective lessees for cultivation as a special case.

15. C.C.F. requests orders of Government to grant the 52 plots as inforest settlement plots to the respective lessees for cultivation.

DEPUTY SECRETARY TO GOVT. AGRICULTURE & FOREST DEPTT. No 65 22 APR 1958

No 5496.

Sir,

I have the Honour to bring the following fact to your kind consideration for taking needful action at an early date.

It is learnt that some Agriculturists at Honkan, Dyamankop and other Villages in Hangal Taluka to whom lands, belonging to Forest Department are now being asked to vacate the said lands and that no Agricultural operations be taken up on the said lands. Such lands have been given to the said cultivators since about 5 to 6 years. Formerly the said lands were full of shrubs and small trees, and they have now been removed and the said lands have been brought under cultivation.

It may be that some rayots have not yet brought the entire area under cultivation and it is submitted that the said Rayots will certainly bring all land under their respective possession under cultivation if some time and assistance is given to them.

It would be highly improper and unjustifiable to resume such forest lands or any other lands however laudable the object of resumption may be. When once the lands are given for cultivation or are being brought under cultivation in due course the

cultivators ought not to be interfered with. Resumption may possibly either for afforestation or the land has not yet been brought under cultivation as per agreement etc., In any case Resumption of lands from Tenants by Government is not at all advisable. Such as the lands which are fit for cultivation and growing food crops etc., have been granted to the Rayots. There is no meaning in saying that the said lands are again wanted for the development of forest, which principle can be applied only in other areas where the lands are not brought under cultivation and are unfit for growing food crops.

I request your honour to see that no such resumption will take place and request you Sir, to give needful instructions to the authorities concerned in Hangal Taluka Dharwar District.

Yours faithfully,

Bangalore.

Sir,

Sub:-Improper and unjust resumption of cultivating lands for afforestation at Honkan, Dyamankop and other villages in Hangal Taluka, District Dharwar.

Ref:-Your letter No.AFD 89 DST 58 dated 18-11-1959

I enclose a copy of letter No.FOP/DFR/3566/206/60-61 dated 4-4-1961 from the Conservator of Forests, Belgaum Circle along with its enclosures on the above subject for perusal. The particulars of the forest lands which are under cultivation in the villages of Hangal Taluk have been reported to Government under this office letter of even number dated 6-3-1959. Out of the six cases referred to therein, Government in their No.AFD 210 DST 57 dated 28-2-1959 and AFD 444 FGL 59 dated 25-5-1959 have already passed orders in respect of the cases referred to at Sl. Nos. 1, 4 and 6 (i.e. in respect of Venkatapur, Byagwadi and Balehalli villages) ordering grant of the areas to the applicants.

2. In respect of Honkan village, it is reported that out of 64 plots granted on Agri-Silvi system, 52 plots (Sl. Nos. 1 to 52 referred to in the statement enclosed) have been brought under cultivation by the lessees investing considerable money. The Conservator of Forests recommends to grant these 52 plots to the respective lessees as inforest settlement plots. In this connection it is pointed out that the lands were granted to the lessees on Agri-Silvi system only, under which they were expected to raise plantations and they were permitted to raise agricultural crops till the canopy got closed. Actually in these cases contrary to rules they have raised only food crops. But according to Bombay Government Resolution No.FDM 1055 dated 3-10-1955, the Forest lands granted on Agri-Silvi system to scheduled castes, Scheduled tribes and other nomadic tribes may be converted as inforest settlement plots, and granted to the lessees for cultivation provided the conditions mentioned therein are fulfilled. As per Government Resolution No.FDM 1055/15-5607-E dated 14-1-1956, Agri-Silvi lesses should not be evicted even if they have not observed all the terms of the lease but their cases should be regularised provided they have been in continuous occupation of the land for the last 3 years. These concessions have been extended to other Backward and Advanced classes also as per Government order No.AFD 73 DAR 57 dated 25-4-1957. Out of 52 lessees who have brought the land under cultivation, only 16 lessees are in continuous occupation for the last 3 years, two lessees have started cultivation during 1958 before the end of June 1958 and 34 lessees have started cultivation after June 1958. However it is reported that the lessees have brought the lands under plough by manual

P.T.O.

labour investing considerable money. In view of this there is no objection to grant the 52 plots referred to in the statement as inforest settlement plots to the respective lessees for cultivation as a special case.

3. In respect of Mudur village, the leases were continued for the year 1960-61. The Conservator of Forests is being asked to report the further action taken in the matter and on receipt of his report needful action will be taken.

4. In respect of Murankop village, the lands are allowed to continue in possession of the lessees and action is being taken to get fresh leases executed.

The representation of Sri B.R.Patil received with your letter No.AFD 89 DST 58 dated 2-5-1958 is returned herewith.

Orders of Government on para 2 may kindly be communicated early for taking further action.

Yours faithfully,

in Mysore, Bangalore.

Sir,

Subject: Improper and unjust resumption of cultivating lands for afforestation at Honkan, Dyamankop and other villages in Hangal Taluka Dharwar District.

Reference: Your No.B3-19-217/58 of 6-3-1959.

I have to submit further report as under:-

S.No.	Name of the village.	Remarks.
1	Honkan	Detailed information submitted by the Divisional Forest Officer, Dharwar in his No.C/11/31/1112 of 6-11-59 is submitted herewith in duplicate. 52 plots wherein cultivation has been established by the respective lessees, may be converted into "In-forest settlement Plots " and granted to the respective lessees since they have brought the plots under plough, by manual labour and investing considerable money. The rest of the plots (in all 12) will be resumed back to Government since the lessees have done nothing in the plots. This may kindly be approved.
2	Mudur	The area, from this village was inspected by the Divisional Forest Officer on 17-3-60 and the Divisional Forest Officer reported that F.S.Nos. 298, 299, 300 and 301 of this village were granted by the Revenue Department for cultivation and the lease period was upto 31-3-1960. The Tahsildar, Hangal, was asked by the Divisional Forest Officer to hand over the charge of the S.Nos. to this Department. The Tahsildar has intimated to the Divisional Forest Officer, that the lease for these S.Nos. has been continued for the year 1960-61 under instructions of the Dy.Commissioner, Dharwar. The Divisional Forest Officer Dharwar has again requested the Tahsildar, to hand the S.Nos. to this Department and he has promised to submit further report as soon as the S.Nos are handed over to this Department.
3	Murankop	It is reported that Forest S.Nos. 1,2,4,5 and 6 of Murankop, Taluka Hangal were granted for cultivation on temporary lease in 1930, when the S.Nos were included in Katur Range

P.T.O.

of Kanara Eastern Division. Subsequently the S.Nos. were included in Hangal Range of Dharwar Division. The papers relating to the grant of the lands might have been transferred to the Divisional Forest Officer, Dharwar on the eve of transfer of land to that Division. But, the papers relating to the grant are not forthcoming in any of the offices of Dharwar Division or Kanara E.D. In view of these circumstances, I have instructed the Divisional Forest Officer, Dharwar to get fresh leases signed from the persons concerned, since the S.Nos. have been in their possession since long and the S.Nos are being cultivated.

The application of Shri. B.R.Patil is resubmitted herewith.

Yours faithfully,

D. Manjundappa 3/4
